Rosemarie - I believe that you and George Meyer have discussed the AES matter.

I attach some key documents: (1) a citizen suit notice letter, (2) the company's response, and (3) the company's comments on Leaching Environmental Assessment Framework (LEAF) test results and appended calculations. Pete Raack should already have these documents.

The Region would like to have a call with OECA (and OSRE if appropriate) concerning this matter. Would Tuesday Feb 12 (after 10:30 AM) or Weds Feb 13 in the morning work for you?
